## Let us look at the currently available models

Traditional Coaching Model	Emerging online platforms
Shortcomings	
<ul style="list-style-type: none"> <li>• Individual attention and personalized feedback is compromised.</li> <li>• Learning pace of the student is not addressed as it doesn't offer recorded classes for later access.</li> <li>• Its difficult to provide test analytics and comparative subjective test analysis.</li> <li>• Time Factor- occupied much of the student's time to attend offline classes.</li> </ul>	<ul style="list-style-type: none"> <li>• Traditional classroom experience is missing.</li> <li>• As it offers flexibility and convenience –demands extra discipline from the students.</li> <li>• Peer interaction is limited to online groups.</li> <li>• For test series-lacks real test center feel.</li> </ul>
